### RITA TEWKSBURY SAYS

THAT SHE IS SAME.

SHE ASKS THAT SHE BE DIS-CHARGED FROM THE IN-SA E ASYLUM.

Petitioner Was Committed by District Magistrate-Wants Chance Given to Prove Her

Sanity.

Since a semblance of law supplanted the club in these Islands as a governing force many people have been railroaded to the insane asylum by the uncorroborated testimony of one physician before a district magistrate. The system has been pernicious, jeopardizing as it has the rights of unquestionably many sane people and depriving them of their liberty by incarcerating them in a mad house.

Rita C. Tewksbury, an alleged insane person, has petitioned Judge Humphreys for discharge from the in-The petitioner states that she is now

restrained of her liberty at the insane asylum in Honolulu upon the charge made that she is an insane person. That she was committed to the asylum on August 8, 1900, by order of W.
L. Wilcox, district judge.
The petitioner states that she is now sane and in her right mind, but she

does not by this allegation admit that she ever was insane, and she says that no reason exists why she should be longer confined at the insane asylum. Wherefore she prays that she may be discharged from the asylum and

that the court appoint a time and place for hearing this petition. Affixed to the petition is the affidavit of the petitioner. Judge Humphreys has ordered that

And now comes The Bulletin, and with bold affront accuses Mesers Hartman and Collinson, who claim to

have seen, and been assaulted by a shark in the beach of the Hotel Hawaii Annex, at Waikiki, with having had dreams, or things to that effect.

Indeed, The Republican's more or less esteemed neighbor is shocked, doesn't believe in sharks—not at Waikiki, at east, and is generally "dead d wn" on

monstrosity freaks, any way.

Then the Bulletin, to prove its con; sistency, straightway goes and un-earths a fabulous worm story. The awful delivery is made by copious loses of g.n and the aid of one of the Truthful James reporters of the Buletin. Of course, this is not a "monstrosity freak," you know, but it will rank up pretty high in the odd and unusual corner of freak departments. Here's the story which is garnished under the not too elegant head, "Vomited a Worm?" "A native employe of Castle and the summer months. The cost, it is mid, will be summer months. THE ARLINGTON AUCTION.

It Will Be Continued On Monday by Auctioneer Fisher.

The Arlington auction sale was continued yesterday and great progress was made. "Every thing goes," including pets, and prices are certainly very good. Auctioneer Fisher was in splendid form and voice yesterday and not only splendidly held his audience from 10 to 3 o'clock, but by putting the best front on everything, got better than fair prices.

The sale will be continued at high noon on Monday. At 12 o'clock sharp the building will be sold; later the ebony settees, the fine wood balus-trades and so on will be put up. Many of the most valuable pieces of furni-ture, crockery, glassware, cutlery, ice chests, kitchen utensils and so on will be offered. It will be a rare occasion to catch prises.

New Theatre. Honolulu is to have a new and up-to-

date theater, it is reported on the streets, including a roof garden and all modern conveniences of a strictly first class house. The plan is said to provide for the destruction of the present Orpheum theater and the erection of a handsome two-story brick struc-ture in its stead, in which will be lo-cated a theater with a seating capacity of 1,200, with parquet and dress cir-cle, haif a dozen stage boxes, both men's and women's dressing rooms and an elegant cafe. The stage is to be large enough for great scenic produc-tions. Entrance to the gallery is to

The question of settling the tie between Dr. Geo. H. Huddy and E. O. Winston in the Seventh precinct was debated. W. C. Achi suggested that for the sake of bar, nony the convention suspend the rule in regard to the settling of the tie, but his motion was defeated and E. C. Winston was elected

to the vacant delegateship. Question of adjournment now came before the meeting, and after considerable discussion, pro and con, the de bate developing considerable bitterness, the convention finally adjourned to 9 o'clock this morning.
